Over 60 years of TIME PROVEN QUALITY

40th ANNUAL PRODUCTION SALE

**November 21st, 2013
at the Ranch**

Welcome to LCI's 40th Annual Production Sale!

We would like to thank our customers, friends and neighbors who have supported us over the years and help made our progress possible!

Good moisture and abundance of cheaper feed than last year promises good prices for the fall market season for our smallest North American cow herd in recent history.

We are excited about the new genetics we have introduced to both breeds. We strive to better traits for sound economical high performance cattle without compromising birth weight and milk on a continuous basis. In essence cattle that are maternal, easy doing, longevity and overall structural soundness and user friendly.

Consider our free wintering program or fall delivery up to 300 miles to central points, pay half cash sale day and balance due June 1st, 2014 interest free.

Feel free to contact any one of us listed in the phone directory to help make the right selection for your herd.

Please join us Thursday, November 21st for lunch before the sale and have a day to visit with fellow cattlemen.

The Denver Supreme Champion bull! His performance is unbelievable as his WW and YW continue to rise while his BW continues to lower. He is a 12 trait leader in the breed. Look at his epds as they are fabulous! His calves are everything we hoped for as they come easy, had lots of vigor and they have not looked back since. You will be impressed with these bull calves!

40U sires calves with extra thickness and lots of top. He is in the top 20% of the breed for BW yet top 20% for WW and YW, a goal that is hard to achieve. A top maternal sire with his first calf daughters that bring calves home as heavy as mature cows. 40U is in the top 1% of the breed for milk and total maternal. He is also in the top 1% for REA. A real breeding bull that can cover a lot of cows.

The first calf of the year born unexpectedly and is missing a little bit of the end of his ears. When I found him and his mother out in the hills she was standing over him guarding him from two coyotes. A top end cow and a good strong calf.

A performance calf that will stand out sale day! So much ruggedness and muscle. He will put pounds on every mating!

.....
 Lot 61 -
 Look at the spread from birth weight to weaning weight in this calf, 66 lb BW and 806 WW for an index of 110 in our herd. Out of a top first calf heifer that has done an awesome job on her first calf. Top of the breed for performance and milk.

GUARANTEE: Bulls are guaranteed to be breeders. If failing to be satisfactory breeders, they will be replaced or a credit given on purchase of replacement. They must be returned to us for evaluation of the animal in good health and properly cared for. In any event, the sellers are responsible only to the extent of the purchase price of said animal. Each animal becomes the responsibility of the purchaser as soon as sold. Standard Canadian Hereford Association guarantee applies.

DELIVERY:

Bulls: If the buyer wishes, free **fall** delivery up to **300** miles to central points, and \$100 deducted off price or free **wintering** and the bulls picked up by **April 1st, 2014**. All bulls must be insured, available sale day from Heather Barr, CFI.

USA: Animals going to the USA will be delivered through the Coutts/Sweetgrass border with federal health papers. Buyer assumes transportation costs from Sweetgrass, Montana. Again, animals need to be insured and we will co-operate with any other arrangements that need to be made on all animals.

LIABILITY: Mishaps at cattle sales are very rare and every precaution will be taken for the safety of visitors; however, the owners and management assume no liability should an accident occur.

ERRORS: If errors are noted in the catalogue, corrections announced from the stand take precedence over printed material.

ACCOMMODATIONS: Reservations can be made for you, just contact us. There is a paved, lighted airstrip 2.5 miles from the ranch. Contact us to pick you up at the airfield.
