Brad Doenz

Welcome!

On behalf of everyone at LCI, I would like to welcome you to our 34th Annual Production Sale. How time flies! That first sale I didn't have any grey hair or a wife; Kristy and Brad weren't born yet; Mom & Dad were very much involved in the business; a younger version of Bob Balog as auctioneer and Kurt Gilmore as ringman.

We are proud of our cow herd! LCI has over 60 years of selection and culling. We feel you will find quality from Lot 1 through to the very last Lot 92. Remember that this is the only sale where LCI genetics are offered.

At LCI we have always strived to maintain a cow herd that is functional ie: moderate, adequate milk; fertile, quiet disposition with structural soundness and carcass quality.

We are here to be of service: consider using our free wintering program on bulls or free fall delivery, pay 1/2 cash sale day and 1/2 on June 1st, 2008. Use our extensive set of records, fully documenting each sale animal performance carcass data and genetic potential. Feel free to contact any one of us listed below in our phone directory to help you make the right selection for your herd.

Come early before the sale and have a beef lunch on us! We look forward to seeing you all on sale day, November 14.

The LCI Gang.....

One of the most respected and sought after sires in recent times. Proven and predictable. Sires bulls with added muscle, easy fleshing and large scrotum. His females are awesome. They are the back bone of our herd today. His epd's are very positive, balanced and highly predictable - YW in top 5% of the breed, Milk top 1%, TM top 1%, Scrotal top 2%. His carcass is outstanding - REA top 15%, IMP top 1%. His contribution to the breed will be unmeasurable.

Purchased from Lilybrook Herefords. As a calf he and his first calf dam were standouts. He had a 85 lb birth weight, yet a weaning weight of 746 lbs, yearling weight of 1223 lbs and an index of 114. 31R's dam is highly regarded in their herd. His epd's for WW, YW, and Milk are all in the top 10% of the breed. His IMF is also in the top 10%. We look forward to his contribution to our herd. Owned with Lilybrook Herefords.

95T has herd bull written all over him! A bull with excellent muscle design and the easy fleshing ability the industry strives for. Look at his breed character, his wide top, his long thick hip, his fully pigmented hooded eyes. When looking for herd bulls, its foremost to have a great female behind him that has consistently produced. 152M fits the bill there too! She has a herd sire working at Stauffer Farms and is also the mother of 83S, our high seller going to the Ramsey's and Tyler's at Cutknife, SK last fall. She has an average weaning index of 108.7 and yearling index of 117. We feel 95T will be a changer and herd improver.

Big time performance in this calf! A moderate framed fully pigmented, short marked bull that is thick, deep chested and full of muscle, yet has a flashy style! His dam 94K is the type that great herd sires come from. She has been on the most efficient cow list. An easy fleshing, big barreled female with good milk flow in a well designed udder. A pedigree rich in maternal power top and bottom! WW and YW epds are in the top 4% of the breed.

- Black Angus Bulls -

Fall 2007 EPD Angus Bull Averages

BW	WW	YW	Milk	TM
+2.9	+36	+63	+14	+32

WESTERN FREEDOM 505

Freedom was purchased as the feature bull at Wes Merrill's "Western Angus Sale". 505 has grown into a massive big volume bull with muscling, easy fleshing and great disposition. Not many Angus have the big foot, bone and still throw light birth weights as Freedom does. What an incredible spread from birth weight to weaning & yearling weights. His bull calves of have an 821 lb average weaning weight, yet an average 87 lb birth weight. Being out of one of Wes's premier Widespread cows insures the maternal side of 505. His birth weight epd is below breed average, but his WW & YW are in the top 5% and milk is in the top 10% of the breed. Owned with Western Angus, Hillspring, AB and Jeannot Bros., Langbank, SK.

A Freedom son with tremendous shape to his top and quarter. He is naturally thick, deep ribbed, and well balanced. This is 1N's natural calf with a 901 lb weaning weight.

The backbone of our Angus breeding program. 1N is moderate framed, thick, wide backed and easy fleshing. She brings home one of the heaviest calves each year. Our high seller the last 2 years have been her natural calves with the first one going to Randy Stokke, Counsul, SK and last years went home with Bruce Cowie, Foremost, AB. In 3 years she has put 20 offspring on the ground.

A first calf heifer with a +20.9 milk epd and a weaning weight of 776 lbs on her first heifer calf. Again a Lilybrook Hereford cow with a bright future.

"TERMS AND CONDITIONS"

TERMS: Cash or half cash - balance due June 1st, 2008, interest free.

If half cash terms are desired, we request that the buyer leave a post dated cheque. U.S. buyers, please note- U.S. funds will be accepted at par; exchange will be calculated per bank exchange rates as at sale date morning.

SALE REPRESENTIVES:

Auctioneer: Bob Balog - (403) 320-1980
Kurt Gilmore (Canadian Hereford Digest) - (403) 274-1734
Don Oberg - (403) 352-2197
Louie Balog - (403) 331-0611

GUARANTEE: All bred females have been pregnancy tested and guaranteed safe in calf. Bulls are guaranteed to be breeders. If failing to be satisfactory breeders, they will be replaced or a credit given on purchase of replacement. They must be returned to us for evaluation of the animal in good health and properly cared for. In any event, the sellers are responsible only to the extent of the purchased price of said animal. Each animal becomes the responsibility of the purchaser as soon as sold.

DELIVERY: Free delivery up to 500 miles on all fall deliveries and animals must be fully insured. We will co-operate with any other arrangements that need to be made.

BULLS: If the buyer wishes, WE WILL WINTER, FREE OF CHARGE, THE BULLS THEY PURCHASE and THE BUYERS CAN PICK UP THEIR BULLS UP by MARCH 31, 2008. Bulls being left for the winter must be insured which will be provided on sale day by Heather Barr of Canadian Farm Insurance. If a buyer should want the bull delivered in the fall we will deduct \$100 from the purchase price.

LIABILITY: Mishaps at cattle sales are very rare and every precaution will be taken for the safety of visitors; however, owners and management assume no liability should an accident occur.

ERRORS: If errors are noted in the catalogue, corrections announced from the stand take precedence over printed material.

ACCOMMODATIONS: Reservations can be made for you, just contact us. There is a paved, lighted airstrip 2.5 miles from the ranch. Contact us to pick you up.

To all of our customers - past, present and future - we extend a heartfelt thanks. We appreciate your support! If you have any questions about any of the cattle in the offering, please do not hesitate to contact us and, please, do feel free to stop by the ranch and see the cattle prior to the sale.
