## 41ST ANNUAL SALE

November 20, 2014  
at the Ranch

# Welcome to LCIs 41st Annual Production Sale!

We would like to thank our customers, family, friends and neighbors who have supported us over the years and helped make our progress possible!

Exciting times to be in the cattle industry - record shortage of breeding cattle will reward the people that stayed steady and kept the course during the lean years in the past. Soaring land prices, we can't make more land! Ever increasing input costs are a reality that we all face. The best genetics available is the cheapest investment we can make to increase our bottom line. At LCI we leave no stone uncovered to seek out those superior genetics. We are excited about the new bulls we used in both our breeds, them and the age tested bulls that are the backbone of our herd, are producing progeny that we are truly proud to present to you for your evaluation.

As always we will winter free of charge till April 1st, 2015 or have fall delivery up to 300 miles to central points. Consider our sale terms of half cash sale day and balance due June 1st, 2015, interest free.

Feel free to contact anyone listed in the phone directory to help make the right selection for your herd.

Please join us on Thursday, November 20th for lunch before the sale and have a day to visit with fellow cattlemen!
